A MESSAGE FROM THE PRESIDENT

I'm thrilled to present the 2012 MPPA Convention to you. As you'll see looking through this booklet, we have an outstanding lineup of speakers and judges to help us all improve our photography; develop new product lines; and most importantly, make and keep more profit in your business.

I'd like to thank Stacey Damon for pulling together this very well merchandised assortment of speakers for convention, and for the great meetings she and the speaker committee arranged all year. I should also thank each member of the board individually for all the great work they did this year, but that might take up the whole booklet. Maybe I'll make you sit through that at the banquet (Sunday night's dinner and party, which is included with your convention registration!)

Finally, this convention is my last duty as president, and with the help of the board, committee members, and you – the members that support MPPA – it's been a great year.

William Wenzel

JESSICA VOGEL

Building Your Business with Babies

With this ever changing landscape of photography, there is one thing that doesn't change, the demand for beautiful children's photography. It seems that no matter how tough times are, parents still want and need images of their children's first years of life. Now with that said, **Jessica Vogel**, M. Photog., Cr. Photog., CPP, will take you through the steps in building a children's business that keeps the cash flow in your studio year around. From getting the mothers before the little one arrives with Maternity, to newborn images that will rock your world, to a four session plan to keep them in the studio for the child's first year. She will take you through; developing packages and programs for desired clients, marketing to desired clients, creating strong events and specials to drive \$\$\$, products that drive up your average dollar sale, how to educate your client, planning for your sessions, selling to the mom, programs to keep them coming back after the first year, and marketing and branding. You will leave this program with a well laid out plan to succeed in the children's business.

Jessica Vogel started her photography studio in 1993, and since then has earned her reputation as one of Kentucky's premiere children, senior and family photographers. Her work has achieved both local and national recognitions, including the Kodak Gallery Award, the Fuji Masterpiece, Kentucky Top Five, Best Portrait and images selected for the Professional Photographers of America's Loan Collections.

"Creating Art with Life" is her ambition with every portrait. Jessica knows the importance of capturing the essence of your child. She, herself, is a mother of two. Her style of photography is based on the love and emotion each parent has for their child.

NANCY GREEN

What You Say and How You Say It

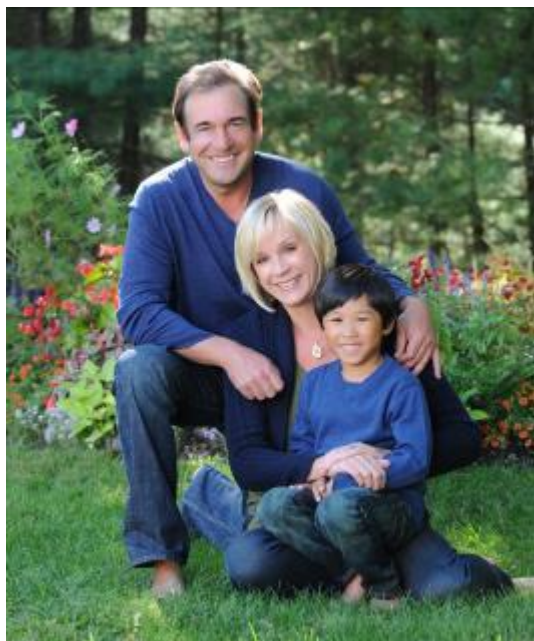

Everyone has a different personality they bring to their “*style*” of photography AND sales. There are many different ways to approach a job or sale. **Nancy Green**, M. Photog., Craftsman, will help you find what will work for you in this program. Know your strengths and weaknesses. Work around those weaknesses and make your meetings with clients always come out positive.

We will cover: how to book an appointment right away without a call-back; how to control your thoughts so as not to get defensive; what to do when your customer can’t make up her mind; how to overcome your fear of the salesroom; body language and gestures that help set the tone; how to make that one last sale; and what can we say to turn around a difficult situation?

There will be actual scenarios acted out and discussion of the end results. There can be many different ways to get to a good ending. We are bound to have some good laughs and *ah-ha* moments. This is a program you can put into place in your everyday activities whether at work or home.

It will help you see things about yourself you may not have been open enough to recognize before. This is NOT a program to change who you are but to take your talents and make them work for you.

Nancy Green started her studio in 1979 in “Hometown USA” Plymouth, MA. Though the studio locations changed through the years, her clients followed. The most recent studio location is now located in a small town just over the Plymouth line in Carver. It’s a beautiful town and its claim to fame is that it’s the largest supplier of cranberries in the USA. This agricultural setting makes for some beautiful settings for her environmental portraits.

Nancy has been a member of PPA, PPANE and PPAM since 1980 and has served in many positions for all. She is a past President of PPAM and PPANE. Currently she is the Councilman for PPA. Nancy has won many awards for her photography and has several PPA Loan Collection images though her most cherished award is the two PPA National Awards presented to her by PPAM (Professional Photographers Association of Mass) and VPP (Vermont Professional Photographers). She also proudly earned her PPA Affiliate Judge position in 2008.

KIMBERLY SMITH

*Be Creative.
Be Inspired. Be You.*

In this program you will learn how to inspire and be inspired. How to find great locations for

seniors anywhere and a little about our Legacy...the importance of what we leave behind.

Kimberly Smith, M. Photog, describes her life as a beautiful chaos. "With 7 Children, you can choose to laugh a lot or cry a lot...I choose laughter... most of the time! My greatest loves in my life are my family. They are the best. We are a blended family... Yours, mine and ours, and I love them all!! I have a wonderful, supportive husband who allows me to be "an artist". Without him, I couldn't do what I love and I wouldn't have the opportunities to travel and learn. He believes in me and what I do!"

Kimberly has always loved art, but her passion for photography began when she started having her babies and wanted to document everything by scrapbooking. So she bought a "better" camera and was hooked. She started going to conventions, classes and competitions... she joined numerous photography associations... and started her business. In January of 2008, she received her Master of Photography degree from PPA.

Kimberly completely believes in life-long learning. She is always striving to learn - there's always another class to take! "I LOVE photography! To be able to capture life in such a fun and beautiful way is such a blessing. I get the opportunity to meet all kinds of people and capture their life. You can never have too many pictures...too many memories. In the end, our memories and our photographs are all we have. Enjoy life...& capture it!"

JUSTIN & MARY MARANTZ

Thank You Marketing: Building a Business with Heart

It's just two simple words that can make a world of difference. In this three hour powerhouse presentation, Justin & Mary will show you that "thank you" is so much more than just something you say.... it's an entire way of being. And an entirely different way of looking at your business. Because across the board, the businesses that wear their hearts on their sleeves and care for their clients first, are the same ones who find their clients consistently taking care of them. Even in the toughest of times. In this class, J&M will show you how allowing your clients into your world and making them a part of something, will build a legion of evangelists thousands strong. And that right there is something to be *very* thankful for.

Justin & Mary are internationally traveled destination photographers, who call New England home. Last year they shot close to 40 weddings, put on 14 of their "Walk Through a Wedding with J&M" workshops, were published in both Rangefinder and Professional Photographer Magazine, did their second platform at WPPI as well as their first WPPI Road Trip, and took their "Spread the Love" Tour to 20 cities across the country.... And they're just getting warmed up.

MICHAEL GAN LESLIE ARTIS-GAN

The Spirit and the Soul: From Ordinary to Extraordinary

Come experience a new approach to the artistic process of photography. In this program you will learn about the Zen of Photography - a new approach to learning the basic fundamentals of photography, Transformations - how to create more impact in both your competition images and everyday client work, and finally, The Spirit and Soul - how to take your work into the next, and ultimate, creative level. This is a more in-depth version of the program given in Pasadena in March of 2011.

Find out how you too can make photography a fun, creative endeavor again, and how you can make a living at the same time. Michael and Leslie will discuss what “Spirit and Soul” is all about, how to gain those inspirations, and how to sell your ideas more effectively to your clients, to yourself, and perhaps the Art Galleries.

Michael Gan, M. Photog. Cr. CPP, F-PPC, S-PPC, has been practicing professional photography since 1979. He is the co-owner of Meritage House of Photography. Michael received his Master of Photography degree from PPA in 2005 and his Craftsman degree in 2007. He received his PPC fellowship in 1986. A certified photographer, Michael has 7 images in the PPA Loan collection and merited all four of his images in the Master’s category for the 2006 Imaging USA. Two of his images were selected for the ASP loan collection in 2007. He also is the PPC Photographer of the Year for the Family Portrait Category in 2005, and Northern California Professional Photographers “Photographer of the Year” for 2001.

Leslie Artis-Gan, M. Photog. Cr. CPP, is a relative newcomer to the photographic industry. She is the co-owner of Meritage

House of Photography. A trained artist most of her life, Leslie picked up a camera in 2003. She promptly became NCPP's "Photographer of the Year" in 2004 earning Print of the Month awards in four out of six print competitions that year and Image of the Year as well as Environmental Portrait of the Year. At the 2007 PPA print competition, 7 of 8 images scored above 80 with 4 being Loan Images, and one attaining the Kodak Gallery Award. In just 3 ½ years Leslie earned her Masters and Craftsman degrees in January 2008.

MPPA SCHOLARSHIP FUND

The Maine Professional Photographers Association Scholarship Fund is a suitable way to honor and remember colleagues and friends who have passed away. The MPPA established a fund for the purpose of providing educational assistance to those who are active members. It is a wonderful way for eligible members to improve their knowledge and skill and to make their contributions to the advancement of the photography profession.

**Please consider donating to this worthy cause
by adding the MPPA Scholarship Fund
to your will or as a gift “In lieu of” just to say
“We’ll never forget you.”**

JAMES CLARK SCHOLARSHIP

James Clark was one of MPPA's founding fathers back in 1948. He was an active member and mentor to many for over 55 years. Jim taught many classes on photography and the business of photography. He firmly believed in continuing education so we all can remain competitive and competent.

A scholarship was established several years ago in Jim's honor. It is a \$500.00 scholarship for attendance to our affiliate school, the New England Institute of Professional Photography (NEIPP). It is administered by Dan Rodrigue, Chairman, Harvey Bell, LeeAnn LaFleur, the current and immediate past presidents. To apply for this scholarship please do so online at <http://www.ppamaine.com/index.php?action=scholarships> Deadline is June 30th of each year.

A Special Thank You to all those who have supported Maine PPA this past year!
